

In 1959, Bob and Jewel Evans donated 375 acres of land in Gallia County to the Methodist Church for persons in Southeastern Ohio to have a place to gather for Christian camping. For many decades the church operated successful camping programs at Asbury. However, in 2005 the camp was closed due to the church conference camping “restructuring”. After a couple of years, an ecumenical group of pastors and lay persons from a variety of church backgrounds reopened the camp. By 2015, this group of persons officially formed Friends of Camp Asbury, Inc. (FOCA) as a non-profit 501(c)(3) corporation and eventually received ownership of the camp. At that time, the camp name was changed to Evans Christian Outfitters (ECHO). The desire of the Friends of Camp Asbury, Inc. is to keep the Evans family vision of Christian camping in this region. In fact, our Vision Statement reads: *To provide Christian camping spiritual experiences for children, youth and adults in Southeastern Ohio so that they may encounter the love of Jesus Christ.*
